are coming thick. He has three boys and says he wants each of them to buy a pure bred Short Horn heifer.

J. S. Pigott, Wilsonburg, is a soy bean demonstrator and the beans look well. He is growing alfalfa also.

Edgar Williams, of O'Neil, has two fields of soy beans, one being inoculated, the other not; the former is good, the latter poor. He is building a barn and will build a silo.

Charles Murry, Wilsonburg, has a fine field of soy beans. He has purchased a silo.

Will Gerrard is an alfalfa demonstrator and the alfalfa is very fine.

More than fifty per cent of the soy bean fields visited this week are without inoculation. The cultures were used on all. It looks like the cultures were not prepared right either by the manufacturers or the farmers.

Of the twenty-three farmers visited this week, eighteen are growing soy beans for the first time and eight are growing alfalfa.

The county agent will visit farms in Elk and Grant districts next week.

If the dry weather continues the cultivators should be kept running in the corn, but the cultivation should be shallow.

It will not be too late next week to sow Sudan grass. It is an annual but makes a very rapid and quick growth, cutting from two to three tons per acre. The seed can be had in Clarksburg at eight and one-half cents per pound. Three years ago it cost \$1 per pound. Sow twenty to twenty-five pounds per acre if sown alone. Some farms have mixed Sudan and soy beans together.

A farmer remarked this week that a good pure bred calf was cheaper at \$25 than a scrub as a gift and he said he was able to prove it.

## BIG INCOME

Is Received by Bertha Krupp, the "Cannon Queen," from the Great Krupp Works.

VIENNA, July 8.—The annual report of the great Krupp works at Essen says that out of every 100 women employed there seventy-seven claimed relief from the sick fund during the year, as compared with sixty-three men out of every 100.

The number of women employed by Krupps has risen more than tenfold.

In August, 1914, just before the war broke out, the company's pay roll included 36,880 men and only 1,214 women. At the end of April last the figures had risen to 55,949 men and 13,032 women.

Bertha Krupp, the "Cannon Queen" is credited with having received an income from the works last year of more than a hundred million marks, or \$25,000,000.

## CHINESE

Carpenters Are Sent in Large Numbers to Work with the English Army.

(BY ASSOCIATED PRESS.) HONGKONG, July 8.—Chinese carpenters have been sent in large numbers from India to work with the English expeditionary force in Mesopotamia. Officers at Rangoon received special instructions to employ Chinese carpenters for work with the English military forces, because of their great skill in building all sorts of temporary shelters and bridges.

Russia has drawn upon China for large numbers of laborers to work in Siberian mines, to build railways and replace white labor in agricultural districts robbed of their men by the war, and France has also drawn upon China for agricultural labor.

## BOY MISSING.

Left home, about June 17, my boy, aged 15 years, knee pants and coat Norfolk style, shoes and stockings, light hair, brown eyes, scar from burn on right wrist, cheap blue cap. Any information leading to his whereabouts should be addressed to his father, Teodor Yanik, Gravel, Clarksburg, W. Va., or call Bell phone 785-J. and receive reward of \$5.00.

Telephone poles of glass molded over a heavy wire net are being made in Europe. These poles are rarely broken, will neither rot nor rust, and are impregnable to insects. France is stimulating attention to gardening.

## A SHORT HISTORY OF OLD HICKORY TONIC

First used by a doctor who lost his life in the Civil war.

Next used by a doctor who studied medicine under the first. This doctor practiced medicine for a period of 56 years, from 1858 to 1914, and he gave Old Hickory Tonic to a large number of his patients in all these years. He died at the ripe old age of eighty-five years.

The formula was handed down to his two sons who also became doctors. They found the medicine so meritorious that they also used it in their regular practice. One of them has now given it to his patients for thirty years. Scarcely a day passes that he does not prescribe it.

Old Hickory Tonic creates new strength, richer blood, more vitality and sharpens the appetite. It is fine for stomach, liver and kidney troubles, as well as for anemia, nervousness and a general run down condition of the system. It contains no Strychnine, Opium, Digestive Ferments or Nauseating Oils. Sold at first class drug stores with the understanding that your money will be refunded if you are not more than satisfied.

Owen Moore, Dola, is a soy bean demonstrator and the beans look well.

C. E. Rogers, Dola, sowed his soy beans a little too early and the weeds

## Every Worker Will Receive a Prize or a Liberal Cash Salary

Liberal cash salary of twenty per cent on all new subscription which they secure will be paid to non-prize winners who remain active until the close of the race, and who make a cash report of not less than one subscription each week between this and the close of the campaign on July 8th. Under the salary plan you can earn five, ten, fifteen, twenty-five or fifty dollars very easily, or if you win one of the prizes you will receive prize equivalent to many more dollars. Possibly as high as three or four hundred dollars a week.

Nothing more need to be said. No need to point out the happiness for you and yours through any one of these prizes. YOU KNOW that. Just be fair to yourself—tear out the coupon, mail it, and give yourself a chance. And do it—NOW.

## The Offer For This Week

With every club of \$30.00 you will receive a bonus vote ballot for 50,000 extra votes. A 100,000 certificate will be given to the best worker of each district, also six certificates for 50,000 will go to the next six in each district. All of these votes are in addition to the regular votes.

## Workers Win-- Wishers Fail

The big prizes will go to the workers who are not afraid to hustle hard during the next few weeks.

## NOTES FROM COUNTY AGENT ZINN'S DIARY

Meigs Stout, Clarksburg, has a 500 acre farm and nearly every acre needs lime. He has two silos and is saving on cement floors a lot of good manure. He thinks of buying a lime pulver.

L. M. Allen, Wilsonburg, sowed an acre of alfalfa in the rye last spring. It is looking fairly well. He is well pleased with rye hay.

Cecil Hammond, of Wilsonburg, is a meadow demonstrator, having cut up an acre, limed, applied phosphoric acid and re-seeded last August. The estimate is that he will get three times as much hay off this as he will off the untreated land.

Al Ash is a hog pasture demonstrator. He sowed rape, oats, hairy vetch and alfalfa on a piece of ground. It is now ready to turn hogs on and will make a lot of pasture. He sowed another piece to soy beans which will be pastured with hogs later. He takes hold of the new methods like a duck to water. He is also growing alfalfa.

Jesse Coffman, Wilsonburg, bought a new silo. His boys breed pure bred Short Horn cattle. He is growing soy beans.

Lee Coffman, Dola, has a field of alfalfa which has been cut once, making about two tons of hay per acre, and it will be ready to cut again next week. He says the new method of farming has given him a lot of trouble because he will have to tear down his old barns and build new and greater ones.

Julius Bartlett, Rosebud, has a fine field of soy beans.

Orlando Swiger, Dola, sowed an acre of alfalfa with oats. The ground is very rich and it looks like the oats would ruin the alfalfa.

E. J. Marsh, Brown, sowed alfalfa and red clover on an acre for a demonstration. He has a fine stand. His meadows are very heavy and will have a great deal more hay than he has stock to feed.

H. L. Harbert, Brown, sowed a field to soy beans and though he inoculated the seed no nodules could be found.

Owen Moore, Dola, is a soy bean demonstrator and the beans look well.

C. E. Rogers, Dola, sowed his soy beans a little too early and the weeds
